Convenience Translation of the Independent Auditor's Review Report Originally
Prepared and Issued in Turkish to English (See Note I in Section Three)

REVIEW REPORT ON UNCONSOLIDATED INTERIM FINANCIAL INFORMATION

To the Board of Directors of Arap Türk Bankası Anonim Şirketi.;

Introduction

We have reviewed the accompanying unconsolidated balance sheet of Arap Türk Bankası A.Ş. (the "Bank") as at 30 June 2021 and the unconsolidated statement of profit or loss, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in shareholders' equity, the unconsolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the unconsolidated financial information for the six-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of these interim financial information in accordance with the "Banking Regulation and Supervision Agency (BRSA) Accounting and Reporting Legislation" which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Board and Turkish Accounting Standard 34 "Interim Financial Reporting" principles for those matters not regulated by afore mentioned legislations. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of review

We conducted our review in accordance with Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated interim financial information do not present fairly, in all material respects, the financial position of Arap Türk Bankası A.Ş. at 30 June 2021, and its financial performance and its cash flows for the six-month period then ended in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information provided in the accompanying interim activity report in section seven, are not consistent with the reviewed unconsolidated interim financial statements and disclosures in all material respects.

Additional paragraph for convenience translation to English

The accounting principles summarized in Note 1 Section Three, differ from the accounting principles generally accepted in countries in which the accompanying unconsolidated interim financial information is to be distributed and International Financial Reporting Standards ("IFRS"). Accordingly, the accompanying unconsolidated interim financial information is not intended to present the financial position and results of operations in accordance with accounting principles generally accepted in such countries of users of the unconsolidated interim financial information and IFRS.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. EXPLANATIONS FOR BASIS OF PRESENTATION

The unconsolidated financial statements are prepared within the scope of the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and other regulations related to reporting principles on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Reporting Legislation) and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards and Turkish Financial Reporting Standards ("TFRS") and related appendices and interpretations (referred as "Turkish Accounting Standards" or "TAS") put into effect by Public Oversight Accounting and Auditing Standards Authority ("POA") (all referred as "Reporting Standards").

The format and content of the publicly announced unconsolidated financial statements and notes to these statements have been prepared in accordance with the "Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements", published in Official Gazette no. 28337, dated 28 June 2012, and amendments to this Communiqué. The Bank maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

Unconsolidated financial statements, other than property financial assets and liabilities that are presented with fair values, are prepared with cost value approach.

The preparation of financial statements requires the use of certain critical estimates on assets and liabilities reported as of balance sheet date or amount of contingent assets and liabilities explained and amount of income and expenses occurred in related period. Although these estimates rely on the management's best judgment, actual results can vary from these estimates. Judgements and estimates are explained in related notes.

For a correct perception of the financial statements, the accounting policies and valuation principles are explained between in Notes No. II and XXIII.

New and revised Turkish Accounting Standards effective for annual periods beginning on or after 1 January 2020 have no material effect on the financial statements, financial performance and on the Bank's accounting policies. New and revised Turkish Accounting Standards issued but not yet effective as of the finalization date of the financial statements have no material effect on the financial statements, financial performance and on the Bank's accounting policies.

The Indicator Interest Rates Reform, reference interest rates conversion will be effective from the beginning of 2021 and with the regulations published in September 2019 and December 2020 regarding the implementation of the reform, early implementation of the changes is allowed, while temporary exemption from practices related to the determination of cash flows of hedge accounting and termination of transactions has been granted. The process for the Indicator Interest Rate Reform is expected to be completed on 31 December 2021 and in the current period, the BRSA requests a bank report to LIBOR all over the world and at what stage the preparatory work has been determined. In this context, the Bank did not make any transactions indexed to new reference rate with a maturity exceeding 2021.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. EXPLANATIONS FOR BASIS OF PRESENTATION

Other

A new type of coronavirus (Covid-19) first emerging in China, has been classified as a pandemic among countries where the World Health Organization was global on 11 March 2020. The Covid-19 pandemic and the measures taken against it have impacts on economic conditions, sectors, businesses, consumers, as well as asset and commodity prices, liquidity, exchange rates, interest rates, money and capital markets and many other issues and remain uncertain about the future. These effects are regularly monitored by the Bank's equity management and capital adequacy, credit quality, credit risk, operational risk, currency risk, interest rate risk, liquidity risk, stock position risk under bank account values, and the Bank's Management.

II. INFORMATION ON STRATEGY FOR THE USE OF FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS

The Bank's core business operation is banking activities including corporate banking, commercial banking, retail banking and security transactions (treasury transactions) together with international banking services. The Bank uses financial instruments intensively because of the nature of the Bank. The main funding resources are deposits, borrowing and equity and these resources are invested in qualified financial assets. The Bank follows the utilization of resources and the risk and return for the investments in various financial assets through an effective asset and liability management strategy.

The transactions in foreign currency are recorded in accordance with "TAS 21 - Effects of Exchange Rate Changes" Related gain and loss occurred due to the changes in exchange rates resulted by the foreign currency transactions are translated into Turkish Lira over the effective exchange rate prevailing at the date of the transaction and is recorded accordingly.

At the end of the related periods, foreign currency assets and liability balances outstanding are translated into Turkish Lira over the Bank's exchange rates prevailing at the balance sheet date and the resulting exchange rate differences are accounted as foreign exchange gains and losses.

III. EXPLANATIONS ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES

Subsidiaries are the entities that the Bank has the power to govern the financial and operating policies of those to obtain benefits from its activities. Subsidiaries are accounted in accordance with "TAS 27 - Individual Financial Statements" in the unconsolidated financial statements. Subsidiaries are recorded at fair value. Subsidiaries which are not traded in an active market and whose fair value cannot be reliably set are reflected in financial statements with their costs after deducting impairment losses, if any.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

IV. INFORMATION ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS

Derivative financial instruments of the Bank are classified under "TFRS 9 Financial Instruments" ("TFRS 9"), "Derivative Financial Assets Designated at Fair Value through Profit or Loss".

Derivatives are initially recorded at their purchase costs including the transaction costs. The notional amounts of derivative transactions are recorded in off-balance sheet accounts based on their contractual amounts.

The derivative transactions are measured at fair value subsequent to initial recognition and if the fair value of a derivative financial instrument is positive, it is disclosed under trading derivative financial assets and if the fair value difference is negative, it is disclosed under trading derivative financial liabilities.

Gains and losses arising from a change in fair value of trading derivatives after the re measurement are accounted in the statement of profit or loss. The fair value of the derivative financial instruments is calculated using quoted market prices by using discounted cash flows model.

V. INFORMATION ON INTEREST INCOME AND EXPENSE

Interest income and expense are recognized according to the effective interest method based on accrual basis. Effective interest rate is the rate that discounts the expected cash flows of financial assets or liabilities during their lifetimes to their carrying values. Effective interest rate is calculated when a financial asset or a liability is initially recorded and is not modified thereafter.

The computation of effective interest rate comprises discounts and premiums, fees and commissions paid or received and transaction costs. Transaction costs are additional costs that are directly related to the acquisition, issuance or disposal of financial assets or liabilities.

VI. INFORMATION ON FEES AND COMMISSION

Fees and commission received and paid are recognized according to either accrual basis of accounting or effective interest method depending on nature of fees and commission; incomes derived from agreements and asset purchases for third parties are recognized as income when realized.

VII. INFORMATION ON FINANCIAL ASSETS

Financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part 3 Recognition and Derecognition. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than "Financial Assets at Fair Value Through Profit or Loss", transaction costs are added to fair value or deducted from fair value. They are included in the balance sheet of the group if the Parent Bank is a legal party to these instruments.

The Bank categorizes its financial assets as "Fair Value Through Profit/Loss", "Fair Value Through Other Comprehensive Income" or "Measured at Amortized Cost". Financial instruments comprise financial assets and liabilities and derivative instruments. This classification is based on the contractual cash flow characteristics of the related business model used for management of the financial assets at initial recognition.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

a. Financial Assets at Fair Value through Profit or Loss

"Financial assets at fair value through profit/loss" are financial assets that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making.

Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the statement of profit or loss.

Government bonds and treasury bills included in Financial Assets at Fair Value through Profit or Loss and Financial Assets at Fair Value Through Other Comprehensive Income portfolios traded in BIST are carried at weighted average exchange rates of BIST as of the balance sheet date and those securities that are not traded in BIST are carried at other valuation models. All gains and losses arising from these valuations are reflected in the statement of profit or loss.

b. Financial Assets at Fair Value Through Other Comprehensive Income

In addition to Financial assets within a business model that aims to hold to collect contractual cash flows and aims to hold to sell, financial asset with contractual terms that lead to cash flows are solely payments of principal and interest at certain dates, they are classified as fair value through other comprehensive income.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to statement of profit or loss. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the statement of profit or loss of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity. When these securities are collected or disposed of, the accumulated fair value differences reflected in the shareholders' equity are reflected to the statement of profit or loss.

Subsequent amendments to the values of investments in equity instruments are not reflected in the statement of profit or loss except for the dividend.

At initial recognition, it can be made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognized by an acquirer in a business combination to which TFRS 3 applies.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

b. Financial Assets at Fair Value Through Other Comprehensive Income (Continued)

The subsequent measurement of financial assets at fair value through other comprehensive income is based on fair value. However, when calculating the fair value for securities without a market price, any of the pricing models or discounted cash flow techniques are used in accordance with the type of the security.

Financial Assets Measured at Amortized Cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using effective interest rate method. Interest income obtained from financial assets measured at amortized cost is accounted in statement of profit or loss.

c. Loans

Loans are financial assets that have fixed or determinable payments terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the "Effective Interest Rate Method".

Bank loans and receivables are initially carried at cost value. Bank loans are measured at amortized cost with internal rate of return. Fees paid for the assets received as collateral against loans, transaction costs and other costs such as transaction costs, it is a part of and charged to the customer.

Bank's loans are recorded under the "Measured at Amortized Cost" account.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

e. Impairment

The Bank recognizes an Impairment for financial assets measured at amortized cost and at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognize provisions for impairment in accordance with TFRS 9 requirements according to the "Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside" published in the Official Gazette dated 22 June 2016 numbered 29750. Method of provisions for impairment as set out in accordance with the related legislation of BRSA is changed by applying the expected credit loss model under TFRS 9. Expected loss estimate is unbiased, weighted by probabilities and includes supportable information about estimates of past events, current conditions and future economic conditions.

The expected credit loss model includes instruments that are recorded at amortized cost or at fair value in other comprehensive income tables (such as bank deposits, loans and securities) and, in addition, financial lease receivables that are not measured at fair value through profit or loss, credit commitments and financial guarantee contracts.

Expected credit loss is an estimate of the expected credit losses over the life of a financial instrument also the following aspects are important for the measurement.

- 1) Probability-weighted and neutral amount determined by taking into account possible outcomes,
- 2) Time value of money,
- 3) Reasonable and supportable information on past events, current conditions and forecast of future economic conditions, at the time of reporting, without excessive cost and effort.

The expected 12 monthly credit loss values are part of the life expectancy loss calculation (within 12 months after the reporting date or within a shorter period if the life of a financial instrument is shorter than 12 months).

The main theme of the expected credit loss model can reflect the deterioration of the quality of financial instruments or the general view of recovery. The amount of expected credit loss, known as loss allowance or allowance, depends on the degree of credit deterioration. There are two measurements according to the general approach:

12-Month Expected Loss (1st Stage) is valid for all assets unless there is a significant deterioration in the quality of the loan.

Lifetime Expected Loss (2nd and 3rd Stage) is applied when a significant increase in credit risk occurs.

The following parameters are used in the calculation of expected credit loss;

Probability of Default: It denotes the possibility of default of the loan in the related term. The Bank's internal ratings are used in the calculation of the probability of default.

Loss in case of default refers to the expected loss rate from the loan in case of default

Default Amount: refers to the risk balance for cash loans and the risk balance calculated by using the credit conversion rate for non-cash loans.

SECTION THREE**EXPLANATIONS ON ACCOUNTING POLICIES (Continued)****VII. INFORMATION ON FINANCIAL ASSETS (Continued)****e. Impairment For Expected Loss (Continued)***Individual Evaluation*

A credit loss can be defined as the difference between all contractual cash flows that are outstanding under the contract and the original expected EIR (Effective Interest Rate) value and discounted cash flows. When cash flows are estimated, the following conditions are taken into account.

- a) All contractual terms of the financial intermediary during the expected lifetime of the financial instrument.
- b) Cash flows from collateral sales

Definition of Default

The debtor can be considered as the Stage 3 under conditions where the debtor fails to pay his obligations regardless of past due and the guarantees the debtor has.

These conditions have stated below:

- 1) To have a past due more than 90 days.
- 2) The decision taken for bankruptcy or concordatum registration.
- 3) To have a loan classified as standard receivable by restructuring while monitored as non-performing loan and to have a past due more than 30 days of principal and/or interest payment delayed within the 1 year monitoring period or to have a loan restructured once more during this monitoring period.
- 4) Other neutral criteria deemed appropriate by management

Significant increase in credit risk definition

Loans are designated as the First Group (Standard loans), the Second Group (loans under close monitoring), the Third Group (loans with limited collection), the Fourth Group (loans in suspicious cases where the loss is expected) and the fifth group (Losses).

In this context, in the criteria applied for the loans classified in the first Group; the issue of future payment issues is not expected and the credit worthiness of the borrower of the loan has not weakened. In accordance with TFRS 9, loans subject to 12-month credit impairment are classified under the First Group (Stage 1).

The criteria applied for the credits classified in the Stage 2 are; unfavourable developments in debt payment or cash flows of debtors are observed or anticipated, problems arises in principal and / or interest payments in accordance with the terms of the loan agreement and the credit risk of the borrower is considerably increased. In accordance with TFRS 9, loans classified in the Stage 2 are subject to the provision of an expected lifetime loan loss provision.

The conditions for the loans classified in the stage 2 are stated below;

1. Past due more than 30 days,
- 2.The subject of in-bank restructuring,
3. Bankruptcy / concordatum registration
4. High level negative investigation
5. Restructured

Loans classified as third, fourth and fifth groups are considered as non-performing loans. In accordance with TFRS 9, these loans, which are subject to a lifetime impairment application, are classified under the Stage 3.

The relevant Staging criteria and default definitions are set out in accordance with TFRS 9 regulation and specified in the monitoring policies.

SECTION THREE**EXPLANATIONS ON ACCOUNTING POLICIES (Continued)****VII. INFORMATION ON FINANCIAL ASSETS (Continued)****e. Impairment For Expected Loss (Continued)**

Under the contractual cash flows, the cash flows from the sale of the collateral and the cash flows from the credit are also taken into account.

In accordance with TFRS 9, probability-weighted scenarios are taken into account over the expected life of the financial instrument in order to estimate the expected losses. The assessment consists of an assessment of the possible outcomes, including the amount and timing of cash flows for certain outputs and the identification of possible scenarios that indicate the estimated likelihood of that outcome.

The Bank's loans have been evaluated and classified as of 30 June 2021 in line with the Regulation on the Classification of Loans and the Procedures and Principles Regarding Provisions to be Reserved for them and taking into account the effects of Covid-19; accordingly, a provision has been set aside.

The Bank uses a statistical model with credit risk parameters in accordance with the relevant legislation and accounting standards in the calculation of expected credit losses. Expected credit losses are measured using reasonable and supportable information and including macroeconomic variables, taking into account macroeconomic projections for the future as well as historical information. Within the scope of the macroeconomic model, it is used in the final estimation studies obtained by weighting three scenarios as base, optimistic and negative. The changes in Gross Domestic Product (GDP) are used as the main macroeconomic independent variable used in these estimates. Credit risk parameters used in the calculation of expected credit losses are reviewed and evaluated at least once a year within the framework of model validation processes. The macroeconomic forecasts used in risk parameter models and the historical default data of portfolios are re-evaluated in each quarter in order to reflect the changes in the economic conjuncture and updated as needed.

The Bank has possibilities in accordance with the BRSA Decisions on Regulation on Procedures and Principles for Classification of Loans and Provisions to be Set Aside numbered 8948 dated 17 March 2020, numbered 8970 dated 27 March 2020 and numbered 9312 dated 8 December 2020, starting from 17 March 2020 until 30 September 2021, due to the disruptions in economic and commercial activities as a result of the Covid-19 pandemic;

As of 30 June 2021, the Bank does not have any loans in the framework of the above circular.

VIII. INFORMATION ON OFFSETTING FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

IX. INFORMATION ON SALE AND REPURCHASE AGREEMENTS AND LENDING OF FINANCIAL ASSETS

Repurchase ("repo") and resale ("reverse repo") agreements of financial assets are followed at the balance sheet accounts. Financial assets which are sold to customers under repurchase agreements are categorized according to initial classification and are measured in accordance with the accounting policy of the related portfolio.

Funds obtained under repurchase agreements are accounted under funds provided under repurchase agreements in liability accounts. The interest expense accruals are calculated by means of internal rate of return method over the difference resulting from repurchase and sale prices for the relevant period.

Securities subject to repurchase ("reverse repo") agreements are reflected under receivables from reverse repurchase agreements. The difference between the purchase and resell price which is related with the period is computed with the effective interest rate method for accrued interest income.

As of the balance sheet date, there is no security lending transactions.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

X. INFORMATION ON ASSETS HELD FOR SALE AND RELATED TO DISCONTINUED OPERATIONS AND EXPLANATIONS ON LIABILITIES RELATED WITH THESE ASSETS

Property and equipment held-for-sale consist of tangible assets that were acquired due to non-performing loans and receivables, and are accounted in the financial statements in accordance with the regulations of “Turkish Financial Reporting Standard for Assets Held for Sale and Discontinued Operations (“TFRS 5”)”.

The assets that meet the criteria of being classified under assets held for sale are measured at the lower of their book values or fair value less costs to be incurred for sale, depreciation for these assets is ceased and these assets are presented separately in the balance sheet. In order for an asset to be classified as an asset held for sale, the related asset (or the asset group to be disposed) shall be ready to be sold immediately under usual conditions and should have a high possibility to be sold. To have a high possibility of sale, a plan should have been made for the sale of the asset (or the asset group to be disposed) and an active program should have been started by the management, aiming to complete the plan and determine the buyers. The amount in the securities portfolio of the bank is very low. In addition, the asset should be actively marketed at a price that is consistent with the true value.

A discontinued operation is a part of an entity which is classified as to be disposed or held for sale. The results related to discontinuing operations are presented separately in the statement of profit or loss. The Bank does not have any discontinued operations.

XI. INFORMATION ON GOODWILL AND OTHER INTANGIBLE ASSETS

There is no goodwill in the accompanying financial statements related to the acquisition of a subsidiary.

The Bank’s intangible assets consist of software.

Intangible assets are initially recorded at their costs in compliance with the “TAS 38 - Intangible Assets”.

The costs of the intangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. The intangible assets purchased after this date are recorded at their historical costs. The intangible assets are amortized based on straight line amortization. The useful life of software is determined as 3-15 years.

If there is objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the “TAS 36 - Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

XII. INFORMATION ON TANGIBLE ASSETS

The costs of the tangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. In subsequent periods no inflation adjustment is made for tangible assets, and costs which are restated as of 31 December 2004 are considered as their historical costs. Tangible assets purchased after 1 January 2005 are recorded at their historical costs after foreign exchange differences and financial expenses are deducted if any.

While the Bank is using the cost model under the TAS 16 “Property, Plant and Equipment” for the valuation of the property under tangible assets, the current year has been changed to the revaluation model in the valuation of the property in use. The property value in the appraisal report prepared by the appraisal company and the net book value the positive difference is monitored in equity accounts.

Gains and losses arising from the disposal of the tangible assets are calculated as the difference between the net book value and the net sales price and recognized in the statement of profit or loss of the period.

SECTION THREE**EXPLANATIONS ON ACCOUNTING POLICIES (Continued)****XII. INFORMATION ON TANGIBLE ASSETS (Continued)**

Maintenance and repair costs incurred for tangible assets are recorded as expense. Expenditures incurred that extend the useful life and service capacity of the assets are capitalized.

The depreciation rates used approximate the rates of the useful life of the tangible assets are as follows:

Tangible Assets	Estimated Useful Life (Years)	Depreciation Rate (%)
Buildings	37-44	2-3
Motor vehicles	5	20
Office equipment, furniture and fixture	3-50	2-33

There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

At each reporting date, the Bank evaluates whether there is objective evidence of impairment on its assets. If there is an objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the "TAS 36 - Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

XIII. INFORMATION ON LEASING ACTIVITIES*Finance leasing activities as the lessor*

Tangible assets acquired by way of finance leasing are recognized in tangible assets and the obligations under finance leases arising from the lease contracts are presented as "Finance Lease Payables" account in the financial statements. In the determination of the related assets and liabilities, the lower of the fair value of the leased asset and the present value of leasing payments is considered. Financial costs of leasing agreements are expanded in lease periods at a fixed interest rate.

If there is impairment in the value of the assets obtained through financial lease and in the expected future benefits, the leased assets are valued with net realizable value. Depreciation for assets obtained through financial lease is calculated in the same manner as tangible assets.

Interest and exchange rate expenses related to financial leasing are recognized in the statement of profit or loss. The Bank does not provide financial leasing services as a lessor.

SECTION THREE**EXPLANATIONS ON ACCOUNTING POLICIES (Continued)****XIII. INFORMATION ON LEASING ACTIVITIES (Continued)***Operational leases*

Based on TFRS 16, at the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the alternative borrowing interest rate. After the commencement date, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made; and remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease. Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability. After the commencement date, the lease liability is remeasured to reflect changes to the lease payments. The amount of the remeasurement of the lease liability is recognised as an adjustment to the right-of-use asset. The lease liability is remeasured by discounting the revised lease payments using a revised discount rate, if either there is a change in the lease term or there is a change in the assessment of an option to purchase the underlying asset.

The carrying amount of the right-of-use asset is decreased to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease. Any gain or loss relating to the partial or full termination of the lease is recognised in profit or loss. A corresponding adjustment to the right-of-use asset is made for all other lease modifications.

XIV. INFORMATION ON PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions and contingent liabilities are provided for in accordance with the "TAS 37 - Provisions, Contingent Liabilities and Contingent Assets", except for the general and specific provisions set aside for the loans and other receivables.

Provisions are recognized when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of obligation can be made.

A provision for contingent liabilities arising from past events should be recognized in the same period of occurrence if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate the amount of the obligation can be made.

As of the balance sheet date, there are no probable contingent liabilities resulting from past events whose amount can be reliably measured.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. Contingent assets are disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements in which the change occurs.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XV. INFORMATION ON LIABILITIES REGARDING EMPLOYEE BENEFITS

Reserve for other benefits to employees

In accordance with existing Turkish Labor Law, the Bank is required to make lump-sum termination indemnities to each employee who has completed one year of service with the Bank and whose employment is terminated due to retirement or for reasons other than resignation or as mentioned in related legislation. The computation of the liability is based upon the retirement pay ceiling announced. The applicable ceiling amount as at 30 June 2021 is TL 7,638.96 (full TL) (31 December 2020: TL 7,117.17 (full TL)). Reserve for employee termination benefits are calculated via net present value of estimated provision of probable liabilities will be arised in the future and reflected in the financial statements.

The Bank reserved for employee severance indemnities in the accompanying unconsolidated financial statements using actuarial method in compliance with the updated “TAS 19 - Employee Benefits”. Accumulated all actuarial gains and losses in equity are recognized in other capital reserves.

The vacation pay obligation is calculated on the cumulative sum of the number of unused leave days that are deducted from the legally granted leave each year.

Other benefits to employees

The Bank has provided provision for undiscounted short-term employee benefits earned during the financial period as per services rendered in compliance with the updated TAS 19 in the accompanying unconsolidated financial statements.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVI. INFORMATION ON TAX APPLICATIONS

Corporate tax

In Turkey, as per the regulation of Law numbered 7316 on "The Amendments of Certain Taxes and Laws and Other Acts" published in the official gazette numbered 31462 with the Article 11 of the Law, Corporate Tax Law No. 5520 Provisional and Article 13 added to the Corporate Tax Law No. The tax rate will be applied as 25% for the corporate earnings for the 2021 taxation period, 23% for the corporate earnings for the 2022 taxation period, and 20% for the corporate earnings for the 2023 taxation period.

In Turkey, as of 30 June 2021 corporate income is subject to corporate tax at 25%. Corporate tax rate is calculated on the total income of the Bank after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed.

Dividends paid to the resident institutions and the institutions working through local offices or representatives are not subject to withholding tax. The withholding tax rate on the dividend payments other than the ones paid to the non-resident institutions generating income in Turkey through their operations or permanent representatives and the resident institutions is 15%.

In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. Appropriation of the retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the earnings of the related years. The payments can be deducted from the annual corporate tax calculated for the whole year earnings.

Tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred according to Turkish Tax Legislation. Tax losses cannot be carried back.

In Turkey, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns with their tax offices by the end of 25th of the fourth month following the close of the accounting period to which they relate. Tax declarations and related accounting entries can be investigated by tax authorities for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

The liabilities of subsidiaries, founding shares and preferential rights of the institutions, which have been legally borrowed or owed to the SDIF due to the bank borrowing 5 December 2017 and their possessors and mortgage holders, all of the profits from the sale of the proceeds from the transfer to the bank or from this Fund that are used in the liquidation of these debts and 75% of the gains from the sale of the securities in such a manner so obtained by the banks are exempted from the corporation tax.

75% of the profits arising from the sale of founders' shares, usufruct shares and preferential rights that the institutions hold for at least two full years in the assets due to 5 December 2017, the immovables they own in the same period as the participation shares; is exempted from the corporation tax as long as it is kept in a special fund account until the end of the fifth year following the year in which the sale is made and collected until the end of the second calendar year.

On the other side, according to the regulation of 7061 numbered "Law on Amendments to Certain Tax Laws and Other Certain Other Laws", the tax exemption rate mentioned above is: As of 5 December 2017, 50% is applied for the gains derived from the sale of immovables and 75% for gains derived from the sale of the others.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVI. INFORMATION ON TAX APPLICATIONS (Continued)

Deferred taxes

The Bank calculates and accounts deferred tax assets and liabilities in accordance with the “TAS 12 - Income Taxes” and BRSA’s explanations; deferred tax assets and liabilities are recognized on all taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances used for taxation purposes except for the differences not deductible for tax purposes and initial recognition of assets and liabilities which affect neither accounting nor taxable profit.

If transactions and events are recorded in the statement of profit or loss, then the related tax effects are also recognized in the statement of profit or loss. However, if transactions and events are recorded directly in the shareholders’ equity, the related tax effects are also recognized directly in the shareholders’ equity.

The net amount of deferred tax receivables and deferred tax payables is shown on the financial tables.

Transfer Pricing

In Turkey, the transfer pricing provisions has been stated under the Article 13 of Corporate Tax Law with the heading of disguised profit distribution via transfer pricing. “The General Communiqué on Disguised Profit Distribution via Transfer Pricing”, dated 18 November 2007 sets details about implementation.

If the companies enter into transactions concerning to the sale or the purchase of the goods or services with the related parties by setting the prices or amounts which are not in line with the arm’s length principle, related profits will be treated as having been wholly or partially distributed in a disguised way via transfer pricing. This kind of disguised profit distribution via transfer pricing cannot be deducted from tax base in accordance with corporate tax.

XVII. ADDITIONAL INFORMATION ON BORROWINGS

The Bank accounts for its borrowing instruments in accordance with TFRS 9 “Financial Instruments” standard and evaluates all its financial liabilities with the “effective interest rate” method in subsequent periods. There are no borrowings required to apply the hedging techniques in respect of the accounting and valuation methods of borrowing instruments and liabilities that represent borrowing.

The Bank did not issue any stocks convertible into bonds.

The Bank does not have borrowing instruments issued by itself.

XVIII. INFORMATION ON SHARE ISSUANCES

The Bank has not issued any share in the current year.

XIX. INFORMATION ON BILLS OF EXCHANGES AND ACCEPTANCES

Acceptances are realized simultaneously with the payment dates of the clients and they are presented as commitments in off-balance sheet accounts.

There are no acceptances presented as liabilities against any assets.

XX. INFORMATION ON GOVERNMENT INCENTIVES

There are no government incentives utilized by the Bank as of 30 June 2021 and 31 December 2020.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XXI. CASH AND CASH EQUIVALENTS

Cash and cash equivalents are cash on hand, demand deposits and other highly liquid short-term investments with maturities of 3 months or less following the date of acquisition, which is readily convertible to a known amount of cash and does not bear the risk of significant amount of value change. The book values of these assets represent their fair values. Cash equivalents and balances regarding banks are valued by the period end counter foreign currency buying rate of the Bank.

For the purposes of the cash flow statement, "Cash" includes cash, effectives, cash in transit, purchased cheques and demand deposits including balances with the Central Bank; and "Cash equivalents" include interbank money market placements and time deposits at banks with original maturity periods of less than three months.

XXII. INFORMATION ON SEGMENT REPORTING

Operating segment is the unit that operates in only one product or service of the Bank or the group of products or services which are related each other and differs from other units from the point of risk and profit. Operating segments are presented in the footnote VIII of Fourth Section.

XXIII. OTHER DISCLOSURES

Profit reserves and profit distribution

Retained earnings other than legal reserves are available for distribution, subject to legal reserve requirement referred to below.

The legal reserves are comprised of first and second reserves, in accordance with the Turkish Commercial Code ("TCC"). The first legal reserve is appropriated out of the profits at the rate of 5% until the total reserve reaches a maximum of 20% of the Bank's paid in capital. The second legal reserve is appropriated at the rate of 10% of all distributions in excess of the 5% of the Company's share capital; however, holding companies are not subject to this application. First and second legal reserves can only be used to compensate accumulated losses and cannot be used for profit distribution unless they exceed 50% of paid-in capital.

Related parties

In accompanying financial statements, shareholders, key management personnel and board members together with their families and companies controlled by or affiliated by them associated and jointly controlled entities are considered as Related Parties in compliance with "TAS 24 - Related Party Disclosures".

SECTION FOUR**INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)****I. INFORMATION ON SHAREHOLDER'S EQUITY (Continued)**

The Bank's internal capital requirements within the scope of the internal capital adequacy assessment process in order to evaluate the adequacy of the approach in terms of current and future activities

The Bank has procedures and reports under the name of internal capital assessment process. In order to assess the capital adequacy of the current year, the Bank analyses the legal ratios and budget expectations to qualitate them for the effect on the legal capital adequacy and economic capital of the Bank. With these procedures and reports the Bank covers all risk in capital adequacy requirements.

Information Related to the Components which Subject to Temporary Implementation in the Calculation of Equity

None.

SECTION FOUR**INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)****II. INFORMATION ON FOREIGN CURRENCY EXCHANGE RATE RISK**

Whether the Bank is exposed to foreign exchange risk, whether the effects of this situation are estimated, and whether the board of directors of the Bank sets limits for positions that are monitored daily

The Bank complies with net general position-shareholder's equity limits. The Bank has the possibility to borrow a significant amount of foreign currency.

Within the context of the market risk management work of the Risk Management Department, the Bank's Exchange rate risk is calculated and analyzed taking different dimensions of the issue in consideration. The Exchange rate risk is measured according to market risk calculated using the Standard Method and is included in the capital adequacy ratio. For testing effects of the unexpected exchange rate fluctuations on the Bank monthly basis stress test analysis are done. In addition, by classifying the changes in risk factors different scenario analysis are done based on different exchange rate expectations. The sensitivity of assets, liabilities and off-balance sheets against exchange rate are measured by an analysis on a monthly basis.

The magnitude of hedging foreign currency debt instruments and net foreign currency investments by using hedging derivatives

The Bank does not have any financial derivatives used for hedging.

Foreign exchange risk management policy

Transactions are being hedged according to the Central Bank of Turkey's basket of currencies instantly. Manageable and measurable risks are taken in the scope of the regulatory limits.

Foreign exchange buying rates of the last five business days before the balance sheet date as publicly announced by the Bank, are as follows

Date	US Dollars	Euro
23 June 2021	TL 8.7202	TL 10.3722
24 June 2021	TL 8.6139	TL 10.2828
25 June 2021	TL 8.6593	TL 10.3356
28 June 2021	TL 8.6772	TL 10.3646
29 June 2021	TL 8.7219	TL 10.4077
30 June 2021	TL 8.7052	TL 10.3645

The basic arithmetical average of the bank's foreign exchange bid rate for the last thirty days

The basic arithmetical average of the Bank's foreign exchange bid rate for June 2021 is TL 8.6001 for USD, TL 10.3744 for EURO.

Other Currencies	48	48	30	30
Total	2,423	3,472	2,705	3,608

⁽¹⁾ The effect on shareholders' equity also includes the effect on the profit/loss.

SECTION FOUR

INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)

III. INFORMATION ON INTEREST RATE RISK

Interest rate sensitivity of the assets, liabilities and off-balance sheet items

Within the context of the market risk management of the Risk Management Department, the Bank's interest rate risk is calculated and analyzed taking different dimensions of the issue in consideration. The interest rate risk is measured according to market risk calculated using the standard method and is included in the capital adequacy ratio. To test the effect of the interest rate fluctuations on the Bank monthly based stress test analysis are done.

In addition, by classifying the changes in risk factors different scenario analysis are done based on different interest rate expectations. The sensitivity of assets, liabilities and off-balance sheets against interest rate are measured by an analysis on a monthly basis.

The expected effects of the fluctuations of market interest rates on the Bank's financial position and cash flows, the expectations for interest income, and the limits the board of directors has established on daily interest rates

The Board of Directors has determined limits for the amount exposed to market risk/ shareholder's equity, to be maximum 45% for the early warning limit, 50% for limit maximum, and maximum 55% for limit exception in order to follow interest rate risk, exchange rate risk and equity price risk.

The precautions taken for the interest rate risk the Bank was exposed to during the current year and their expected effects on net income and shareholders' equity in the future periods

Although the increase in interest rates have a limited negative effect on the Bank's financial position the Bank's Equity structure is able to confront the negative effects of possible fluctuations in the interest rates.

SECTION FOUR

INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)

IV. INFORMATION ON STOCK POSITION RISK

Equity investment risk due from banking book

The Bank does not have equity investment risk due to subsidiary and securities issued capital which classified banking accounts are not traded on the stock exchange.

Information on booking value, fair value and market value of equity investments

None.

Information on equity investments realized gains or losses, revaluation increases and unrealized gains or losses and these amounts including capital contribution.

None.

Breakdown of the amount of capital requirements on investments in related stock exchange basis, depending on the Credit Risk Standard Method or the capital requirement calculation method which bank has chosen out of allowed methods stated in the Communique Regarding Calculation of Credit Risk Amount on Internal Rating Based Approach.

None.

V. INFORMATION ON LIQUIDITY RISK MANAGEMENT AND LIQUIDITY COVERAGE RATIO

Information on liquidity risk management regarding risk capacity of the Bank, responsibilities and structure of the liquidity risk management, reporting of the liquidity risk in the Bank, the way that sharing liquidity risk strategy, policy and implementations with the board of directors and job fields.

Evaluation of capacity of liquidity risk position of the Bank depends on current liquidity position, current and estimated asset quality, current and future income capacity, historical funding needs, estimated funding needs and decreasing funding needs or analysis of decrease in additional funding choices. One or more actions below are done to find funds in order to maintain liquidity needs.

- Disposal of the liquid assets
- Maintain increasing short-term debts and/or additional short-term time deposit and deposit like assets
- Decrease in moveable long-term assets
- Increase in long term liabilities
- Increase in equity funds

Responsibility of the management of general liquidity belongs to Top Level Management, Treasury Department or Asset/Liability Committee ("ALCO") which is consisting of Risk Management executives. Appropriate controls and balances are maintained in every condition.

Analysis of effects of various stress scenarios on the liquidity position and establishment of limits are crucial in order to establish effective liquidity risk management. Limits are determined according to the size of the Bank, complexity of transactions and suitability of the financial conditions.

SECTION FOUR**INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)****V. INFORMATION ON LIQUIDITY RISK MANAGEMENT AND LIQUIDITY COVERAGE RATIO (Continued)**

One of the important components of liquidity management is management information system which is created to offer information about the liquidity position of the Bank to the Board of Directors, top level management and related appropriate personnel at the right time. Strong management information system is an integral part of the reliable decision making process of the liquidity.

One of the important aspects of liquidity management is making assumptions on prospective funding needs. Although final cash inflows and outflows can be easily calculated or estimated, the Bank also makes short-term and long-term assumptions. Another important consideration is that the Bank's reputation plays an important role in reaching the funds it needs in a reasonable amount of time.

Management also has an emergency plan to be implemented in the absence of accurate projections. An effective emergency planning consists of identifying minimum and maximum liquidity needs and weighting alternatives that will be used to meet these needs.

The degree of centralization of liquidity management and funding strategy and information about the functioning between the Bank and its shareholders

The Bank is supported by well-established shareholders among most powerful financial institutions in Turkey, Middle East and the North African region. The Bank's largest shareholder is Libyan Foreign Bank which is 100% owned by the Central Bank of Libya has the Bank. Funds received from the Bank's risk group have a 33% share in liabilities.

Information on the Bank's funding strategy including the policies regarding diversification of funding sources and periods

The Bank obtains its fund sources mainly from the parent Libyan Foreign Bank and its subsidiaries. These Funds are reliable sources which are ongoing for many years with renewing terms and expected to continue thereafter.

Currencies constituting minimum five percent of the Bank's total liabilities

A large portion of the Bank's liabilities consist of funds obtained from the parent Libyan Foreign Bank and group banks. 78% of these funds are USD, 22% are EUR.

Information regarding to the liquidity risk mitigation techniques used

The Bank's liquidity risk mitigation techniques are retention of high-quality liquid assets on hand, provide maturity match between assets and liabilities and having the option to obtain funds from different banks in its risk groups.

Information regarding to the usage of Stress Tests

Stress tests are applied by changing the percentage of the parameters regarding to the liquidity ratio calculation. Subjected components, particularly high-quality liquid assets, including cash inflows and cash outflows are increased and decreased at various rates to measure the effects on the calculation. The test results provide guidance on liquidity management.

SECTION FOUR**INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)****V. INFORMATION ON LIQUIDITY RISK MANAGEMENT AND LIQUIDITY COVERAGE RATIO (Continued)****General information on the emergency and contingency plan of Liquidity**

The Liquidity Emergency Action Plan prepared by the Bank's Assets and Liabilities Committee was presented to the Board of Directors and approved by Council Decision No. CRC / 316-A/6/18 at 5 October 2018. Decisions on the plan;

- Bank-specific crisis and general market crisis has been described,
- The decision of proportional and structural changes of assets and liabilities in the balance sheet is delegated to Assets and Liabilities Committee,
- Agreed that the Liquidity Dashboard which includes available and accessible liquidity sources of the Bank, asset sales, loan repayments and liquidity usage submitted periodically to Assets and Liabilities Committee by the Treasury Department.
- Within the framework of an effective liquidity risk management of the Treasury Department, where necessary, acting jointly with other business units to avoid concentration of funding sources, following different funding options and current trends and reporting on costs is expressed,
- If necessary, making changes in the Emergency Action Plan and update it according to market conditions and balance sheet structure is delegated to Assets and Liabilities Committee.

The Bank keeps liquidity buffer in high level by periods when the liquidity risk may increase. With this approach, the effect of volatility in the markets due to the adverse effects of Covid-19 outbreak on the Bank's liquidity need is in minimum level. Measures have been taken by the Bank for the provision and stable management of liquidity in an emergency.

Liquidity coverage ratio

In accordance with the "Regulation on calculation of Bank's liquidity coverage ratio", published in Official Gazette no. 28948, dated 21 March 2014, liquidity coverage ratio is calculated which disclosed to the public in the following format. The monthly simple arithmetic average calculated consolidated liquidity coverage ratio of the last three months average, the weekly simple arithmetic average calculated liquidity coverage ratio of the last three months average.

The weekly calculated lowest and highest values of unconsolidated foreign currency and total liquidity coverage ratio by weeks are as follows:

	Month	FC	Month	FC+TL
Lowest	02 April 2021	144	25 June 2021	178
Highest	23 April 2021	637	23 April 2021	692

SECTION FOUR

INFORMATION ON THE FINANCIAL POSITION OF THE BANK (Continued)

V. INFORMATION ON LIQUIDITY RISK MANAGEMENT AND LIQUIDITY COVERAGE RATIO (Continued)

Sections High-quality liquid assets comprised of

High-quality liquid assets consist of cash, effectives, debt instruments issued by CBRT and treasury, debt instruments with a credit or default rating from A+ to BBB- or any equivalent Debt Instruments. CBRT accounts for 35% of high-quality liquid assets of the Bank, while 63% comprised of debt instruments issued by the Treasury.

Sections Funding sources comprised of and their densities within all funds

A significant part of the funding sources are comprised of deposits received. 48% of the total liabilities are deposits received. 51% of these deposits are deposits obtained from banks.

Information on cash outflows arising from derivative transactions and transactions that are subject to collateralization

Cash outflows due to derivative contracts occur during periods when the bank's derivative liabilities exceed its derivative receivables. 30 June 2021, the bank has no derivative transactions. Therefore, there is no net cash outflow arising from derivative transactions.

Counterparty and product-based funding sources and concentration limits on collaterals

A significant part of the funding sources are comprised of deposits received. 48% of the liability is deposits and 51% of these deposits are from banks. All of these liabilities are warrantless.

Funding needs in terms of the Bank itself, foreign branches and consolidated subsidiaries taking into account operational and legal factors that inhibits the Bank's liquidity transfer and liquidity risk exposure

The Bank obtains funds essentially from main shareholder Libyan Foreign Bank and its subsidiaries. These reliable and ongoing funds are renewed at different maturities and expected to continue for many years.

Other cash inflows and outflows that are included in liquidity coverage calculation but not included in the public disclosure template in the second paragraph and considered to be related with the Bank's liquidity profile

None.

VI. EXPLANATIONS ON LEVERAGE RATIO

Leverage Ratio

Explanations on leverage ratio is calculated in accordance with the "Regulation on Equity of Banks" and "Regulation on Measurement and Assessment of Capital Adequacy of Banks" published in the Official Gazette numbered 28812, dated 5 November 2013.

Information on subjects that causes difference in leverage ratio between current and prior periods:

The main difference between the current and prior period are capital and total risk amount. Additionally, Bank has no significant change in portfolio.

Leverage ratio disclosure as follows

	Balance sheet assets	Current Period ⁽¹⁾	Prior Period ⁽¹⁾
1	Balance sheet assets (Except for derivative financial instruments and credit derivatives, including warranties)	6,973,455	5,814,314
2	(Assets deducted from main capital)	(4,173)	(4,233)
3	Total risk amount of the balance sheet assets (Sum of 1st and 2nd rows)	6,969,282	5,810,081
	Derivative financial instruments and credit derivatives		
4	Replacement cost of derivative financial instruments and credit derivatives	-	-
5	Potential credit risk amount of derivative financial instruments and credit derivatives	-	-
6	Total risk amount of derivative financial instruments and credit derivatives (Sum of 4th and 5th rows)	-	-
	Security or secured financing transactions		
7	Risk amount of security or secured financing transactions (Except balance sheet)	41,858	86,997
8	Risk amount due to intermediated transactions	-	-
9	Total risk amount of security or secured financing transactions (Sum of 7th and 8th rows)	41,858	86,997
	Off-balance sheet transactions		
10	Gross nominal amount of off-balance sheet transactions	4,685,031	4,647,710
11	(Adjustment amount resulting from multiplying by credit conversion rates)	-	-
12	Risk amount of the off-balance sheet transactions (Sum of 10th and 11th rows)	4,685,031	4,647,710
	Equity and total risk		
13	Main capital	1,220,916	1,138,141
14	Total risk amount (Sum of 3th, 6th, 9th and 12th rows)	11,696,171	10,544,788
	Leverage ratio		
15	Leverage ratio	%10.45	%10.81

⁽¹⁾ Amounts in the table are obtained on the basis of three-month weighted average.

I. INFORMATION ON DISCLOSURES AND FOOTNOTES OF ASSETS (Continued)

5. Information on Loans (Continued)

Information on accruals, valuation differences and related provisions calculated for non-performing loans for Banks which are providing expected credit loss according to TFRS 9

None.

Collection policy on loans determined as loss and other receivables

Loans determined as loans and other receivables are collected via legal follow-up and conversion of guarantees to cash.

Information on write-off policy

The bank is in the effort to provide collections from loans under legal follow-up under the leadership of Corporate and Commercial Credits Monitor and Follow-up Department and Legal and Legislation Services Department and other related departments. However the absence of reasonable collection ability in any condition and manner regarding the recovery of the mentioned loans, determined as loss in which the bank monitors by allocate 100% provision under 5th group (3rd group in TFRS) in accordance with TFRS 9 and the "Regulation on Procedures and Principles Concerning Classification of Loans and Provision" are written-off by presenting to Board of Directors' approval upon gathering the opinion of Legal and Legislation Services Department and by obtaining approvals from Corporate and Commercial Credits Monitor and Follow-up Department.

The write-off of the uncollectible receivables is an accounting policy, it does not result in the right to waive.

Within the scope of TFRS 9, the Bank does not have written off loans (31 December 2020: TL 78,601 and its effect on NPL ratio is 4.56%)

Information on the privileges given to stocks representing the capital

The share capital can be increased or decreased one or more times. Such an increase may be accomplished through the transfer of monies from the reserves to the capital account and the issuance of "bonus" shares in consequence thereof.

Every shareholder shall have the preferential (pre-emptive) right to subscribe for a proportion of new shares corresponding to the number of shares held by him and such right may be exercised within a period of thirty days from the date of receipt by each shareholder of an invitation to the shareholders to that effect. Such invitation shall be made by registered mail to the address contained in the share register.

These preferential (pre-emptive) rights may only be assigned by approval of the Board of Directors upon the favorable vote of 80% of the members, present or represented.

New shares may not be issued at a price less than the nominal value of the original shares issued.

Fractional shares shall be allocated by the Board of Directors.

The Bank may not finance the acquisition of its own shares whether directly or indirectly.

Arabian shareholders are treated under the same legislation with Turkish citizens. This includes the free transfer of distributed other revenues, guarantees, shares, dividends. And in a similar manner Arabian shareholder are benefited and protected by law No.6224, Foreign Capital Incentive Law.

As of 30 June 2021, unconsolidated financial statements and explanatory notes of the Bank disclosed herein were reviewed by KPMG Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik Anonim Şirketi (the Turkish member firm of KPMG International Cooperative) and Independent Auditor’s Review Report is presented preceding the financial statements. The independent audit report dated 12 August 2021 is presented before the unconsolidated financial statements.

II. INFORMATION AND FOOTNOTES PREPARED BY THE INDEPENDENT AUDITOR

None.

SECTION SEVEN**EXPLANATIONS ON INTERIM ACTIVITY REPORT****I. Evaluation of the Chairman and the General Manager for the Period**

Vaccination studies continue around the world in order to control the Covid-19 epidemic. The distance recorded in vaccination is the main determinant of recovery in both international trade business and the global economy. In this context, the World Bank raised its global economic growth forecast for 2021 from 4.1% to 5.6%.

In the first quarter of 2021, in which the pandemic conditions continued, the growth in the US economy gained momentum and the annual GDP growth was announced as 6.4%. In the Eurozone, where the economic outlook is relatively weak, economic activity contracted by 0.3% in the first quarter of 2021 compared to the previous quarter and by 1.3% compared to the same period of the previous year.

As a result of the recovery process in global economies, the increasing need for raw materials and supply problems cause an increase in all commodity prices, especially oil. In this context, the price of Brent crude oil per barrel is the highest level of the last 3 years. It is considered that the rise in commodity prices has increased inflationary pressures on all commodity groups, especially food prices, on a global scale, and this may force central banks of developed countries to increase interest rates or reduce their bond purchases before expected.

Following 6.3% and 5.9% growth in the third and fourth quarters of 2020, respectively, the Turkish economy grew by 7% in the first quarter of 2021, with the contribution of strong domestic demand and increasing foreign demand. Leading indicators point out that the growth in economic activity will continue in the upcoming period. However, the upward trend in annual inflation since September 2020 continued in the first half of 2021 and the annual rate of increase in the consumer price index stood at 17.53% at the end of June 2021. In addition to the rise in global commodity prices, the fluctuation in exchange rates causes deterioration in inflation expectations. According to the balance of payments statistics, the current account balance has an annualized deficit of USD 31.9 billion at end-May 2021. On the monetary policy and interest rate side, the Central Bank of the Republic of Turkey did not change the policy rate in the second quarter of the year and kept it unchanged at 19%.

In order to minimize the negative effects of all the challenging conditions and economic uncertainty on a global scale as well as geopolitical developments on economic activity in Turkey, the necessary measures have been taken in coordination by all relevant authorities. It is evaluated that under such conditions, the Turkish banking sector maintains its strong outlook on both liquidity and capital adequacy and continues its core function of 'lending' activities in a healthy way. While total cash lending volume of the sector reached TL 3.9 trillion at end-May 2021, net profit for the period decreased compared to the same period of the previous year mainly as a result of increase in interest expenses and realized as TL 24.7 billion.

While we are passing through a period in which combating the Covid-19 epidemic is the most important agenda item, all suggestions and instructions of legal authorities are closely followed and implemented by our Bank since the beginning of the outbreak. In this context, all necessary measures have been taken to ensure that the epidemic does not adversely affect the health of our customers, our employees and our banking operations. We are proud to underline that all the banking operations of A&T Bank have been maintained without any interruption.

SECTION SEVEN

EXPLANATIONS ON INTERIM ACTIVITY REPORT (Continued)

Despite the negative effects of the global pandemic, as of June 2021, the asset size of A&T Bank increased by 23% compared to the end of the previous year and reached TL 6.9 billion. In this period, while the Bank's shareholders' equity stood at TL 1.240 million, net profit increased by 105% to TL 87.3 million. In addition, capital adequacy standard ratio of the Bank maintains its strong outlook by 24.8%.

Our investments in digital banking and card payment systems have been continuing through closely following the developments in the banking sector and adopting these developments and new products to the conditions of our Bank and the needs of our customers. The efforts to add "debit card" product by the end of 2021 to internet banking and mobile banking applications, which are the milestones of our digital transformation, are among the most important issues in the business plan of this year.

In the coming period, A&T Bank plans to shape its business activities around maintaining a strong position in North Africa, its traditional target market, while moving its expertise in financing foreign trade to alternative markets. Our core operating principles will continue to be pursuit of "sustainable healthy growth in corporate banking" while remaining steadfast to effective risk and liquidity management and adding value to the country's economy. In addition, we will continue improving our information technology systems and automation processes, boosting our service quality and increasing operational efficiency by ensuring full compliance to corporate governance principles.

Best regards,

Wail J. A. BELGASEM
General Manager

Dr. Ertan ALTIKULAÇ
Chairman
