SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. EXPLANATIONS FOR BASIS OF PRESENTATION

The consolidated financial statements are prepared within the scope of the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and other regulations related to reporting principles on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Reporting Legislation) and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards and Turkish Financial Reporting Standards (“TFRS”) and related appendices and interpretations (referred as “Turkish Accounting Standards” or “TAS”) put into effect by Public Oversight Accounting and Auditing Standards Authority (“POA”) (all referred as “Reporting Standards”).

The format and content of the publicly announced consolidated financial statements and notes to these statements have been prepared in accordance with the “Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements”, published in Official Gazette no. 28337, dated 28 June 2012, and amendments to this Communiqué. The Bank maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

Consolidated financial statements other than property, financial assets and liabilities that are presented with fair values, are prepared with cost value approach.

The preparation of financial statements requires the use of certain critical estimates on assets and liabilities reported as of balance sheet date or amount of contingent assets and liabilities explained and amount of income and expenses occurred in related period. Although these estimates rely on the management’s best judgment, actual results can vary from these estimates. Judgements and estimates are explained in related notes.

For a correct perception of the financial statements, the accounting policies and valuation principles are explained between in Notes No. II and XXIII.

New and revised Turkish Accounting Standards effective for annual periods beginning on or after 1 January 2020 have no material effect on the financial statements, financial performance and on the Parent Bank’s accounting policies. New and revised Turkish Accounting Standards issued but not yet effective as of the finalization date of the financial statements have no material effect on the financial statements, financial performance and on the Bank’s accounting policies.

Other

A new type of coronavirus (Covid-19) first emerging in China, has been classified as an pandemic among countries where the World Health Organization was global on 11 March 2020. The Covid-19 pandemic and the measures taken against it have impacts on economic conditions, sectors, businesses, consumers, as well as asset and commodity prices, liquidity, exchange rates, interest rates, money and capital markets and many other issues and remain uncertain about the future. These effects are regularly monitored by the Parent Bank's equity management and capital adequacy, credit quality, credit risk, operational risk, currency risk, interest rate risk, liquidity risk, stock position risk under bank account values, and the Parent Bank's Management.

While preparing the interim financial statements dated 30 June 2020, the Parent Bank reflected the possible effects of the Covid-19 outbreak on the estimates and judgments used in the preparation of the financial statements.

II. INFORMATION ON STRATEGY FOR THE USE OF FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS

The Bank’s core business operation is banking activities including corporate banking, commercial banking, retail banking and security transactions (treasury transactions) together with international banking services. The Bank uses financial instruments intensively because of the nature of the Bank. The main funding resources are deposits, borrowing and equity and these resources are invested in qualified financial assets. The Bank follows the utilization of resources and the risk and return for the investments in various financial assets through an effective asset and liability management strategy.

The transactions in foreign currency are recorded in accordance with “TAS 21 - Effects of Exchange Rate Changes” Related gain and loss occurred due to the changes in exchange rates resulted by the foreign currency transactions are translated into Turkish Lira over the effective exchange rate prevailing at the date of the transaction and is recorded accordingly.

III. EXPLANATIONS ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES

The accompanying consolidated financial statements are prepared in accordance with “Communiqué on Preparation of Consolidated Financial Statements” which is published in the Official Gazette No. 26340 dated November 8, 2006. The Parent Bank directly owns the shares of A&T Finansal Kiralama A.Ş. and this subsidiary is consolidated accordingly. As of current period, the Parent Bank has no associates.

A&T Finansal Kiralama Anonim Şirketi, was founded in 1997 with the aim to provide financial leasing services.

The Parent Bank and its subsidiary A&T Finansal Kiralama A.Ş that is included in consolidation are together referred to as “Group” in the disclosures and footnotes related to the consolidated financial statements.

“Full Consolidation” method has been applied in consolidating the financial statements of the Parent Bank with the financial statements of its subsidiary. In accordance with this method, the financial statements of the Parent Bank and its subsidiary are combined on a line-by-line basis by adding together the all items of assets, liabilities, income, expenses and off-balance sheet items, in preparing consolidated financial statements. Minority interests are presented separately in the consolidated balance sheet and consolidated statement of income.

The major principles applied in the consolidation of subsidiaries

The carrying amount of the Parent Bank’s net investment in the subsidiary and the Parent Bank’s portion of equity of the subsidiary are eliminated.

All intercompany transactions and intercompany balances between the consolidated subsidiary and the Parent Bank are eliminated.

The financial statements which have been used in the consolidation are prepared as current period and appropriate adjustments are made to financial statements to use uniform accounting policies for similar transactions and events in similar circumstances.

IV. INFORMATION ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS

Derivative financial instruments of the Bank are classified under “TFRS 9 Financial Instruments” (“TFRS 9”), “Derivative Financial Assets Designated at Fair Value through Profit or Loss”.

Derivatives are initially recorded at their purchase costs including the transaction costs. The notional amounts of derivative transactions are recorded in off-balance sheet accounts based on their contractual amounts.

The derivative transactions are measured at fair value subsequent to initial recognition and if the fair value of a derivative financial instrument is positive, it is disclosed under trading derivative financial assets and if the fair value difference is negative, it is disclosed under trading derivative financial liabilities.

Gains and losses arising from a change in fair value of trading derivatives after the re measurement are accounted in the income statement. The fair value of the derivative financial instruments is calculated using quoted market prices by using discounted cash flows model.

V. INFORMATION ON INTEREST INCOME AND EXPENSE

Interest income and expense are recognized according to the effective interest method based on accrual basis. Effective interest rate is the rate that discounts the expected cash flows of financial assets or liabilities during their lifetimes to their carrying values. Effective interest rate is calculated when a financial asset or a liability is initially recorded and is not modified thereafter.

The computation of effective interest rate comprises discounts and premiums, fees and commissions paid or received and transaction costs. Transaction costs are additional costs that are directly related to the acquisition, issuance or disposal of financial assets or liabilities.

VI. INFORMATION ON FEES AND COMMISSION

Fees and commission received and paid are recognized according to either accrual basis of accounting or effective interest method depending on nature of fees and commission; incomes derived from agreements and asset purchases for third parties are recognized as income when realized.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

VII. INFORMATION ON FINANCIAL ASSETS

Financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part 3 Recognition and Derecognition. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than “Financial Assets at Fair Value Through Profit or Loss”, transaction costs are added to fair value or deducted from fair value. They are included in the balance sheet of the group if the Bank is a legal party to these instruments.

Group categorizes its financial assets as “Fair Value Through Profit/Loss”, “Fair Value Through Other Comprehensive Income” or “Measured at Amortized Cost”. Financial instruments comprise financial assets and liabilities and derivative instruments. This classification is based on the contractual cash flow characteristics of the related business model used for management of the financial assets at initial recognition.

a. Financial Assets at Fair Value through Profit or Loss

“Financial assets at fair value through profit/loss” are financial assets that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making.

Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the income statement.

Government bonds and treasury bills included in Financial Assets at Fair Value through Profit or Loss and Financial Assets at Fair Value Through Other Comprehensive Income portfolios traded in BIST are carried at weighted average exchange rates of BIST as of the balance sheet date and those securities that are not traded in BIST are carried at other valuation models. All gains and losses arising from these valuations are reflected in the income statement.

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

b. Financial Assets at Fair Value Through Other Comprehensive Income

In addition to Financial assets within a business model that aims to hold to collect contractual cash flows and aims to hold to sell, financial asset with contractual terms that lead to cash flows are solely payments of principal and interest at certain dates, they are classified as fair value through other comprehensive income.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to income statement. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the income statement of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity. When these securities are collected or disposed of, the accumulated fair value differences reflected in the shareholders' equity are reflected to the income statement.

Subsequent amendments to the values of investments in equity instruments are not reflected in the income statement except for the dividend.

At initial recognition, it can be made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognized by an acquirer in a business combination to which TFRS 3 applies.

The subsequent measurement of financial assets at fair value through other comprehensive income is based on fair value. However, securities that do not have a quoted market price in an active market, the fair value for the floating rate securities is measured at the amortized cost using the most probable effective interest method; for fixed interest securities, fair value pricing models or discounted cash flow techniques are used.

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

c. Financial Assets Measured at Amortized Cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using effective interest rate method. Interest income obtained from financial assets measured at amortized cost is accounted in income statement.

d. Loans

Loans are financial assets that have fixed or determinable payments terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the "Effective Interest Rate Method".

Bank loans and receivables are initially carried at cost value. Bank loans are measured at amortized cost with internal rate of return. Fees paid for the assets received as collateral against loans, transaction costs and other costs such as transaction costs, it is a part of and charged to the customer.

The Parent Bank's loans are recorded under the "Measured at Amortized Cost" account.

VII. INFORMATION ON FINANCIAL ASSETS (Continued)

e. Impairment

Group recognizes an Impairment for financial assets measured at amortized cost and at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognize provisions for impairment in accordance with TFRS 9 requirements according to the "Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside" published in the Official Gazette dated 22 June 2016 numbered 29750. Method of provisions for impairment as set out in accordance with the related legislation of BRSA is changed by applying the expected credit loss model under TFRS 9. Expected loss estimate is unbiased, weighted by probabilities and includes supportable information about estimates of past events, current conditions and future economic conditions.

The expected credit loss model includes instruments that are recorded at amortized cost or at fair value in other comprehensive income tables (such as bank deposits, loans and securities) and, in addition, financial lease receivables that are not measured at fair value through profit or loss, credit commitments and financial guarantee contracts.

Expected credit loss is an estimate of the expected credit losses over the life of a financial instrument also the following aspects are important for the measurement.

- 1) Probability-weighted and neutral amount determined by taking into account possible outcomes,
- 2) Time value of money,
- 3) Reasonable and supportable information on past events, current conditions and forecast of future economic conditions, at the time of reporting, without excessive cost and effort.

The expected 12 monthly credit loss values are part of the life expectancy loss calculation (within 12 months after the reporting date or within a shorter period if the life of a financial instrument is shorter than 12 months).

The main theme of the expected credit loss model can reflect the deterioration of the quality of financial instruments or the general view of recovery. The amount of expected credit loss, known as loss allowance or allowance, depends on the degree of credit deterioration. There are two measurements according to the general approach:

12-Month Expected Loss (1st Stage) is valid for all assets unless there is a significant deterioration in the quality of the loan.

Lifetime Expected Loss (2nd and 3rd Stage) is applied when a significant increase in credit risk occurs.

The following parameters are used in the calculation of expected credit loss;

Probability of Default: It denotes the possibility of default of the loan in the related term. The Bank's internal ratings are used in the calculation of the probability of default.

Loss in case of default: refers to the expected loss rate from the loan in case of default

Default Amount: refers to the risk balance for cash loans and the risk balance calculated by using the credit conversion rate for non-cash loans.

e. Impairment (Continued)

Individual Evaluation

A credit loss can be defined as the difference between all contractual cash flows that are outstanding under the contract and the original expected EIR (Effective Interest Rate) value and discounted cash flows.

When cash flows are estimated, the following conditions are taken into account.

- a) All contractual terms of the financial intermediary during the expected lifetime of the financial instrument
- b) Cash flows from collateral sales

Definition of Default

The debtor can be considered as the Stage 3 under conditions where the debtor fails to pay his obligations regardless of past due and the guarantees the debtor has.

These conditions have stated below:

- 1) To have a past due more than 90 days. (150 days for the financial leasing receivables)
- 2) The decision taken for bankruptcy or concordatum registration.
- 3) To have a loan classified as standard receivable by restructuring while monitored as non-performing loan and to have a past due more than 30 days of principal and/or interest payment delayed within the 1 year monitoring period or to have a loan restructured once more during this monitoring period.
- 4) Other neutral criteria deemed appropriate by management

Significant increase in credit risk definition

Loans are designated as the First Group (Standard loans), the Second Group (loans under close monitoring), the Third Group (loans with limited collection), the Fourth Group (loans in suspicious cases where the loss is expected) and the fifth group (Losses).

In this context, in the criteria applied for the loans classified in the first Group; the issue of future payment issues is not expected and the credit worthiness of the borrower of the loan has not weakened. In accordance with TFRS 9, loans subject to 12-month credit impairment are classified under the First Group (Stage 1).

The criteria applied for the credits classified in the Stage 2 are; unfavourable developments in debt payment or cash flows of debtors are observed or anticipated, problems arises in principal and / or interest payments in accordance with the terms of the loan agreement and the credit risk of the borrower is considerably increased. In accordance with TFRS 9, loans classified in the Stage 2 are subject to the provision of an expected lifetime loan loss provision.

The conditions for the loans classified in the stage 2 are stated below;

1. Past due more than 30 days,
- 2.The subject of in-bank restructuring,
3. Bankruptcy / concordatum registration
4. High level negative investigation
5. Restructured

e. Impairment (Continued)

Loans classified as third, fourth and fifth groups are considered as non-performing loans. In accordance with TFRS 9, these loans, which are subject to a lifetime impairment application, are classified under the Stage 3.

The relevant Staging criteria and default definitions are set out in accordance with TFRS 9 regulation and specified in the monitoring policies.

Under the contractual cash flows, the cash flows from the sale of the collateral and the cash flows from the credit are also taken into account.

In accordance with TFRS 9, probability-weighted scenarios are taken into account over the expected life of the financial instrument in order to estimate the expected losses. The assessment consists of an assessment of the possible outcomes, including the amount and timing of cash flows for certain outputs and the identification of possible scenarios that indicate the estimated likelihood of that outcome.

The Parent Bank's loans have been evaluated and classified as of 30 June 2020 in line with the Regulation on the Classification of Loans and the Procedures and Principles Regarding Provisions to be Reserved for them and taking into account the effects of Covid-19; accordingly, a provision has been set aside.

The Parent Bank has possibilities in accordance with the BRSA Decisions on Regulation on Procedures and Principles for Classification of Loans and Provisions to be Set Aside numbered 8948 dated 17 March 2020 and numbered 8970 dated 27 March 2020, starting from 17 March 2020, due to the disruptions in economic and commercial activities as a result of the Covid-19 pandemic;

As of 30 June 2020, the Parent Bank does not have any loans in the framework of the above circular.

VIII. INFORMATION ON OFFSETTING FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

IX. INFORMATION ON SALE AND REPURCHASE AGREEMENTS AND LENDING OF FINANCIAL ASSETS

Repurchase (“repo”) and resale (“reverse repo”) agreements of financial assets are followed at the balance sheet accounts. Financial assets which are sold to customers under repurchase agreements are categorized according to initial classification and are measured in accordance with the accounting policy of the related portfolio.

Funds obtained under repurchase agreements are accounted under funds provided under repurchase agreements in liability accounts. The interest expense accruals are calculated by means of internal rate of return method over the difference resulting from repurchase and sale prices for the relevant period.

Securities subject to repurchase (“reverse repo”) agreements are reflected under receivables from reverse repurchase agreements. The difference between the purchase and resell price which is related with the period is computed with the effective interest rate method for accrued interest income.

As of the balance sheet date, there is no security lending transactions.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

X. INFORMATION ON ASSETS HELD FOR SALE AND RELATED TO DISCONTINUED OPERATIONS AND EXPLANATIONS ON LIABILITIES RELATED WITH THESE ASSETS

Property and equipment held-for-sale consist of tangible assets that were acquired due to non-performing loans and receivables, and are accounted in the financial statements in accordance with the regulations of "Turkish Financial Reporting Standard for Assets Held for Sale and Discontinued Operations ("TFRS 5")".

The assets that meet the criteria of being classified under assets held for sale are measured at the lower of their book values or fair value less costs to be incurred for sale, depreciation for these assets is ceased and these assets are presented separately in the balance sheet. In order for an asset to be classified as an asset held for sale, the related asset (or the asset group to be disposed) shall be ready to be sold immediately under usual conditions and should have a high possibility to be sold. To have a high possibility of sale, a plan should have been made for the sale of the asset (or the asset group to be disposed) and an active program should have been started by the management, aiming to complete the plan and determine the buyers. The amount in the securities portfolio of the bank is very low. In addition, the asset should be actively marketed at a price that is consistent with the true value.

A discontinued operation is a part of an entity which is classified as to be disposed or held for sale. The results related to discontinuing operations are presented separately in the income statement. The Bank does not have any discontinued operations.

XI. INFORMATION ON GOODWILL AND OTHER INTANGIBLE ASSETS

There is no goodwill in the accompanying financial statements related to the acquisition of a subsidiary.

The Group's intangible assets consist of software.

Intangible assets are initially recorded at their costs in compliance with the "TAS 38 - Intangible Assets".

The costs of the intangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. The intangible assets purchased after this date are recorded at their historical costs. The intangible assets are amortized based on straight line amortization. The useful life of software is determined as 3-15 years.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the "TAS 36 - Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

SECTION THREE**EXPLANATIONS ON ACCOUNTING POLICIES (Continued)****XII. INFORMATION ON TANGIBLE ASSETS**

The costs of the tangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. In subsequent periods no inflation adjustment is made for tangible assets, and costs which are restated as of 31 December 2004 are considered as their historical costs. Tangible assets purchased after 1 January 2005 are recorded at their historical costs after foreign exchange differences and financial expenses are deducted if any.

While the Parent Bank is using the cost model under the TAS 16 “Property, Plant and Equipment” for the valuation of the property under tangible assets, the current year has been changed to the revaluation model in the valuation of the property in use. The property value in the appraisal report prepared by the appraisal company and the net book value the positive difference is monitored in equity accounts.

Gains and losses arising from the disposal of the tangible assets are calculated as the difference between the net book value and the net sales price and recognized in the income statement of the period.

Maintenance and repair costs incurred for tangible assets are recorded as expense. Expenditures incurred that extend the useful life and service capacity of the assets are capitalized.

The depreciation rates used approximate the rates of the useful life of the tangible assets are as follows:

Tangible Assets	Estimated Useful Life (Years)	Depreciation Rate (%)
Buildings	37-44	2-3
Motor vehicles	5	20
Office equipment, furniture and fixture	3-50	2-33

There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

At each reporting date, the Group evaluates whether there is objective evidence of impairment on its assets. If there is an objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the “TAS 36 - Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XIII. INFORMATION ON LEASING ACTIVITIES

Finance leasing activities as the lessee

Tangible assets acquired through financial leasing are recognized as assets and the related liabilities as lease payables in the Group’s assets and liabilities, respectively. In the determination of the related assets and liabilities, the lower of the fair value of the leased asset and the present value of leasing payments is considered. Financial costs of leasing agreements are expanded in lease periods at a fixed interest rate.

If there is impairment in the value of the assets obtained through financial lease and in the expected future benefits, the leased assets are valued with net realizable value. Depreciation for assets obtained through financial lease is calculated in the same manner as tangible assets.

Interest and exchange rate expenses related to financial leasing are recognized in the income statement.

Finance leasing activities as the lessor

The total of minimum rent amounts are recorded at “finance lease receivables” account in gross amounts comprising the principal amounts and interests. The interest, the difference between the total of rent amounts and the cost of the fixed assets, is recorded at “unearned income” account. As the rents are collected, “finance lease receivables” account is decreased by the rent amount; and the interest component is recorded at consolidated income statement as interest income.

Operational leases

Based on TFRS 16, at the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the alternative borrowing interest rate. After the commencement date, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made; and remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease. Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability. After the commencement date, the lease liability is remeasured to reflect changes to the lease payments. The amount of the remeasurement of the lease liability is recognised as an adjustment to the right-of-use asset. The lease liability is remeasured by discounting the revised lease payments using a revised discount rate, if either there is a change in the lease term or there is a change in the assessment of an option to purchase the underlying asset.

The carrying amount of the right-of-use asset is decreased to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease. Any gain or loss relating to the partial or full termination of the lease is recognised in profit or loss. A corresponding adjustment to the right-of-use asset is made for all other lease modifications.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XIV. INFORMATION ON PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions and contingent liabilities are provided for in accordance with the “TAS 37 - Provisions, Contingent Liabilities and Contingent Assets”, except for the general and specific provisions set aside for the loans and other receivables.

Provisions are recognized when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of obligation can be made.

A provision for contingent liabilities arising from past events should be recognized in the same period of occurrence if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate the amount of the obligation can be made.

As of the balance sheet date, there are no probable contingent liabilities resulting from past events whose amount can be reliably measured.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. Contingent assets are disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements in which the change occurs.

XV. INFORMATION ON LIABILITIES REGARDING EMPLOYEE BENEFITS

Reserve for other benefits to employees

In accordance with existing Turkish Labor Law, the Group is required to make lump-sum termination indemnities to each employee who has completed one year of service with the Group and whose employment is terminated due to retirement or for reasons other than resignation or as mentioned in related legislation. The computation of the liability is based upon the retirement pay ceiling announced. The applicable ceiling amount as at 30 June 2020 is TL 6,730.15 (full TL) (31 December 2019: TL 6,379.86 (full TL)). Reserve for employee termination benefits are calculated via net present value of estimated provision of probable liabilities will be arised in the future and reflected in the financial statements.

The Group reserved for employee severance indemnities in the accompanying consolidated financial statements using actuarial method in compliance with the updated “TAS 19 - Employee Benefits”. Accumulated all actuarial gains and losses in equity are recognized in other capital reserves.

The vacation pay obligation is calculated on the cumulative sum of the number of unused leave days that are deducted from the legally granted leave each year.

Other benefits to employees

The Group has provided provision for undiscounted short-term employee benefits earned during the financial period as per services rendered in compliance with the updated TAS 19 in the accompanying consolidated financial statements.

XVI. INFORMATION ON TAX APPLICATIONS

Corporate tax

As per the regulation of Law numbered 7061 on "The Amendments of Certain Taxes and Laws and Other Acts" published in the official gazette numbered 30261 on 5 December 2017, the rate for corporate income tax is set to be 22% for fiscal years 2018, 2019, 2020 whereas the rate was 20% effective from 1 January 2016 previously. Also the council of ministers is authorized to reduce the 22% rate to a rate as low as 20%.

In Turkey, corporate income is subject to corporate tax at 22%. Corporate tax rate is calculated on the total income of the Bank after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed.

Dividends paid to the resident institutions and the institutions working through local offices or representatives are not subject to withholding tax. The withholding tax rate on the dividend payments other than the ones paid to the non-resident institutions generating income in Turkey through their operations or permanent representatives and the resident institutions is 15%.

In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. Appropriation of the retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the earnings of the related years. The payments can be deducted from the annual corporate tax calculated for the whole year earnings.

Tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred according to Turkish Tax Legislation. Tax losses cannot be carried back.

In Turkey, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns with their tax offices by the end of 25th of the fourth month following the close of the accounting period to which they relate. Tax declarations and related accounting entries can be investigated by tax authorities for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

The liabilities of subsidiaries, founding shares and preferential rights of the institutions, which have been legally borrowed or owed to the SDIF due to the bank borrowing 5 December 2017 and their possessors and mortgage holders, all of the profits from the sale of the proceeds from the transfer to the bank or from this Fund that are used in the liquidation of these debts and 75% of the gains from the sale of the securities in such a manner so obtained by the banks are exempted from the corporation tax.

75% of the profits arising from the sale of founders' shares, usufruct shares and preferential rights that the institutions hold for at least two full years in the assets due to 5 December 2017, the immovables they own in the same period as the participation shares; is exempted from the corporation tax as long as it is kept in a special fund account until the end of the fifth year following the year in which the sale is made and collected until the end of the second calendar year.

On the other side, according to the regulation of 7061 numbered "Law on Amendments to Certain Tax Laws and Other Certain Other Laws", the tax exemption rate mentioned above is: As of 5 December 2017, 50% is applied for the gains derived from the sale of immovables and 75% for gains derived from the sale of the others.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XVI. INFORMATION ON TAX APPLICATIONS (Continued)

Deferred taxes

The Bank calculates and accounts deferred tax assets and liabilities in accordance with the “TAS 12 - Income Taxes” and BRSA’s explanations; deferred tax assets and liabilities are recognized on all taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances used for taxation purposes except for the differences not deductible for tax purposes and initial recognition of assets and liabilities which affect neither accounting nor taxable profit.

If transactions and events are recorded in the statement of profit or loss, then the related tax effects are also recognized in the statement of profit or loss. However, if transactions and events are recorded directly in the shareholders’ equity, the related tax effects are also recognized directly in the shareholders’ equity.

The net amount of deferred tax receivables and deferred tax payables is shown on the financial tables.

Transfer pricing

In Turkey, the transfer pricing provisions has been stated under the Article 13 of Corporate Tax Law with the heading of disguised profit distribution via transfer pricing. “The General Communiqué on Disguised Profit Distribution via Transfer Pricing”, dated 18 November 2007 sets details about implementation.

If the companies enter into transactions concerning to the sale or the purchase of the goods or services with the related parties by setting the prices or amounts which are not in line with the arm’s length principle, related profits will be treated as having been wholly or partially distributed in a disguised way via transfer pricing. This kind of disguised profit distribution via transfer pricing cannot be deducted from tax base in accordance with corporate tax.

XVII. ADDITIONAL INFORMATION ON BORROWINGS

The Group accounts for its borrowing instruments in accordance with TFRS 9 “Financial Instruments” standard and evaluates all its financial liabilities with the “effective interest rate method” in subsequent periods. There are no borrowings required to apply the hedging techniques in respect of the accounting and valuation methods of borrowing instruments and liabilities that represent borrowing.

The Group did not issue any stocks convertible into bonds.

The Group does not have borrowing instruments issued by itself.

XVIII. INFORMATION ON SHARE ISSUANCES

The Group has not issued any share in the current year.

XIX. INFORMATION ON BILLS OF EXCHANGES AND ACCEPTANCES

Acceptances are realized simultaneously with the payment dates of the clients and they are presented as commitments in off-balance sheet accounts.

There are no acceptances presented as liabilities against any assets.

XX. INFORMATION ON GOVERNMENT INCENTIVES

None.

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

XXI. CASH AND CASH EQUIVALENTS

Cash and cash equivalents are cash on hand, demand deposits and other highly liquid short-term investments with maturities of 3 months or less following the date of acquisition, which is readily convertible to a known amount of cash, and does not bear the risk of significant amount of value change. The book values of these assets represent their fair values. Cash equivalents and balances regarding banks are valued by the period end counter foreign currency buying rate of the Bank.

For the purposes of the cash flow statement, "Cash" includes cash, effectives, cash in transit, purchased cheques and demand deposits including balances with the Central Bank; and "Cash equivalents" include interbank money market placements and time deposits at banks with original maturity periods of less than three months.

XXII. INFORMATION ON SEGMENT REPORTING

Operating segment is the unit that operates in only one product or service of the Parent Bank or the group of products or services which are related each other and differs from other units from the point of risk and profit. Operating segments are presented in the footnote VIII of Fourth Section.

XXIII. OTHER DISCLOSURES

Profit reserves and profit distribution

Retained earnings other than legal reserves are available for distribution, subject to legal reserve requirement referred to below.

The legal reserves are comprised of first and second reserves, in accordance with the Turkish Commercial Code ("TCC"). The first legal reserve is appropriated out of the profits at the rate of 5% until the total reserve reaches a maximum of 20% of the Bank's paid in capital. The second legal reserve is appropriated at the rate of 10% of all distributions in excess of the 5% of the Company's share capital; however holding companies are not subject to this application. First and second legal reserves can only be used to compensate accumulated losses and cannot be used for profit distribution unless they exceed 50% of paid-in capital.

Related parties

In accompanying financial statements, shareholders, key management personnel and board members together with their families and companies controlled by or affiliated by them associated and jointly controlled entities are considered as Related Parties in compliance with "TAS 24 - Related Party Disclosures".

Whether the Group is exposed to foreign exchange risk, whether the effects of this situation are estimated, and whether the board of directors of the Bank sets limits for positions that are monitored daily

The Group complies with net general position-shareholder's equity limits. The Group has the possibility to borrow a significant amount of foreign currency.

Within the context of the market risk management work of the Risk Management Department, the Parent Bank's Exchange rate risk is calculated and analyzed taking different dimensions of the issue in consideration. The Exchange rate risk is measured according to market risk calculated using the Standard Method and is included in the capital adequacy ratio. For testing effects of the unexpected exchange rate fluctuations on the Parent Bank monthly basis stress test analysis are done. In addition, by classifying the changes in risk factors different scenario analysis are done based on different exchange rate expectations. The sensitivity of assets, liabilities and off-balance sheets against exchange rate are measured by an analysis on a monthly basis.

The magnitude of hedging foreign currency debt instruments and net foreign currency investments by using hedging derivatives

The Group does not have any financial derivatives used for hedging.

Foreign exchange risk management policy

V. INFORMATION ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT

Information on liquidity risk management regarding risk capacity of the Parent Bank, responsibilities and structure of the liquidity risk management, reporting of the liquidity risk in the Bank, the way that sharing liquidity risk strategy, policy and implementations with the board of directors and job fields.

Evaluation of capacity of liquidity risk position of the Parent Bank depends on current liquidity position, current and estimated asset quality, current and future income capacity, historical funding needs, estimated funding needs and decreasing funding needs or analysis of decrease in additional funding choices. One or more actions below are done to find funds in order to maintain liquidity needs.

- Disposal of the liquid assets
- Maintain increasing short term debts and/or additional short term time deposit and deposit like assets
- Decrease in moveable long term assets
- Increase in long term liabilities
- Increase in equity funds

Responsibility of the management of general liquidity belongs to Top Level Management, Treasury Department or Asset/Liability Committee (“ALCO”) which is consisting of Risk Management executives. Appropriate controls and balances are maintained in every condition.

Analysis of effects of various stress scenarios on the liquidity position and establishment of limits are crucial in order to establish effective liquidity risk management. Limits are determined according to the size of the Parent Bank, complexity of transactions and suitability of the financial conditions.

One of the important components of liquidity management is management information system which is created to offer information about the liquidity position of the Parent Bank to the Board of Directors, top level management and related appropriate personnel at the right time. Strong management information system is an integral part of the reliable decision making process of the liquidity.

One of the important aspects of liquidity management is making assumptions on prospective funding needs. Although final cash inflows and outflows can be easily calculated or estimated, the Parent Bank also makes short-term and long-term assumptions. Another important consideration is that the Parent Bank's reputation plays an important role in reaching the funds it needs in a reasonable amount of time.

Management also has an emergency plan to be implemented in the absence of accurate projections. An effective emergency planning consists of identifying minimum and maximum liquidity needs and weighting alternatives that will be used to meet these needs.

V. INFORMATION ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT (Continued)

Important factors affecting the liquidity coverage ratio results and the change over time of those items taken into account while calculating this ratio

High-quality liquid assets and cash outflows are one of the most important factors affecting the calculation of the liquidity coverage ratio for Parent bank. A major portion of high-quality liquid assets of the Parent Bank are consisted of treasury bills and free deposits held in CBRT. High-quality liquid assets been on the rise throughout the year had a positive effect on the calculation of liquidity coverage ratio.

Sections High-quality liquid assets comprised of

High-quality liquid assets consist of cash, effectives, debt instruments issued by CBRT and treasury, debt instruments with a credit or default rating from A+ to BBB- or any equivalent Debt Instruments. CBRT accounts for 39% of high-quality liquid assets of the Parent Bank, while 60% comprised of debt instruments issued by the Treasury.

Sections Funding sources comprised of and their densities within all funds

A significant part of the funding sources are comprised of deposits received. 47% of the total liabilities are deposits received. 37% of these deposits are deposits obtained from banks.

Information on cash outflows arising from derivative transactions and transactions that are subject to collateralization

Cash outflows due to derivative contracts occur during periods when the bank's derivative liabilities exceed its derivative receivables. As of 30 June 2020, the group has no derivative transactions.

Counterparty and product-based funding sources and concentration limits on collaterals

A significant part of the funding sources are comprised of deposits received. 47% of the liability is deposits and 37% of these deposits are from banks. All of these liabilities are warrantless.

Funding needs in terms of the Bank itself, foreign branches and consolidated subsidiaries taking into account operational and legal factors that inhibits the Bank's liquidity transfer and liquidity risk exposure

The Parent Bank obtains funds essentially from main shareholder Libyan Foreign Bank and its subsidiaries. These reliable and ongoing funds are renewed at different maturities and expected to continue for many years.

Other cash inflows and outflows that are included in liquidity coverage calculation but not included in the public disclosure template in the second paragraph and considered to be related with the Bank's liquidity profile

None.

SECTION FIVE**INFORMATION ON DISCLOSURES AND FOOTNOTES OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)****I. INFORMATION ON DISCLOSURES AND FOOTNOTES OF CONSOLIDATED ASSETS (Continued)****5. Information on Loans (Continued)***Collection policy on loans determined as loss and other receivables*

Loans determined as loans and other receivables are collected via legal follow-up and conversion of guarantees to cash.

Information on write-off policy

The Group is in the effort to provide collections from loans under legal follow-up under the leadership of Corporate and Commercial Credits Monitor and Follow-up Department and Legal and Legislation Services Department and other related departments. However the absence of reasonable collection ability in any condition and manner regarding the recovery of the mentioned loans, determined as loss in which the bank monitors by allocate 100% provision under 5th group (3rd group in TFRS) in accordance with TFRS 9 and the "Regulation on Procedures and Principles Concerning Classification of Loans and Provision" are written-off by presenting to Board of Directors' approval upon gathering the opinion of Legal and Legislation Services Department and by obtaining approvals from Corporate and Commercial Credits Monitor and Follow-up Department.

The write-off of the uncollectible receivables is an accounting policy, it does not result in the right to waive.

Within the scope of TFRS 9, the Bank has written off loans amounting to TL 78,601 (31 December 2019: TL 4,417), and its effect on NPL ratio is 4.38% (31 December 2019: 0.22%).

SECTION SEVEN**EXPLANATIONS ON INTERIM ACTIVITY REPORT****I. Evaluation of the Chairman and General Manager for the Period**

The Covid-19 outbreak and macroeconomic indicators of the developed economies under such environment have been main agenda items of the global economy in the first half of 2020. International institutions predict that due to the economic devastation caused by the outbreak, the global economy will shrink by around 5% in 2020 but grow rapidly in the next year. Whether the economic recovery will be in the shape of "V" or "square root" is among the topics of discussion.

While the Federal Reserve (FED) did not change its monetary policy at its June meeting, the European Central Bank (ECB) has announced launching a new repo program that will provide 'Euro Liquidity' to countries outside the Euro-zone. As oil prices went up in June due to the impact of supply shortages and gradual recovery, on precious metals side; gold prices increased to its highest level of the last 8-years, supported by the expansion in global liquidity conditions as well as risk-aversion behaviors of the investors.

Turkey's economy grew by 4.5% in the first quarter of 2020. During the period, consumption expenditures supported the growth, while net exports had negative impact on it. On the production side, where the effects of the Covid-19 have been reflected particularly since March, the Industrial Production Index decreased by 19.9% year-on-year as of May 2020. Similarly, the sharp decline in tourism revenues and export figures due to the outbreak, resulted with \$ 8.2 billion deficit in current account balance at end-May, according to the annualized data. In June, CPI increased by 1.13% on a monthly basis, while annual CPI inflation was stood at 12.6%. CBT Monetary Policy Committee, which did not change the policy interest rate at its June meeting, pointed out the increase in core inflation indicators in its statement.

Despite all the challenging conditions on a global scale, in order to minimize the negative effects of the Covid-19 outbreak on economic activity in Turkey, the necessary measures have been taken in coordination by all relevant authorities. It is evaluated that under such conditions, the Turkish banking sector maintains its strong outlook on both liquidity and capital adequacy and continues its core function of 'lending' activities in a healthy way by the leadership of public banks. While total assets of the sector increased by 17.6% in the first five-month period of the year; net profit for the period increased significantly compared to the same period of the previous year and reached TL 27.3 billion mainly as a result of decrease in interest expenses. For the coming period, the reflections of the "new normal" conditions of the global and local economy following the measures implemented to control the pandemic and to impose restrictions on social /economic life, especially to the banking sector and to all sub-branches of the economy, will continue to be closely monitored. While the measures taken at the first stage aimed eliminating the first shock effects of the pandemic; it seems that new measures are designed to be compatible with the needs of the controlled-normalization period that we have passing through.

EXPLANATIONS ON INTERIM ACTIVITY REPORT (Continued)

I. Evaluation of the Chairman and General Manager for the Period (Continued)

As of June 2020, the consolidated asset size of our Group increased by 6.1% compared to the end of the previous year and reached TL 5.6 billion level. In this period, while the consolidated shareholders' equity and consolidated net term profit realized as TL 1.113 million and TL 40.4 million, respectively, consolidated capital adequacy standard ratio maintains its strong outlook by 24.15%.

Our Group’s core operating principles will continue to be pursuit of “sustainable healthy growth” while remaining steadfast to effective risk and liquidity management and adding value to the country's economy in the forthcoming period, as it was in the past. In addition, we will continue improving our information technology systems and automation processes, boosting our service quality and increasing operational efficiency by ensuring full compliance to corporate governance principles.
